EDUCATION

Anurag University

B.Tech - Computer Science Engineering **CGPA: 8.72**

2024 – 2028

Hyderabad

Narayana Junior College

Intermediate - PCM **85.2%**

2022 – 2024

Hyderabad

NS Grammar High School

Secondary Education - **CGPA: 9.7**

2021 – 2022

Hyderabad

PROJECTS

AI Personal Tutor | React, Node.js, JavaScript, Three.js, Google Gemini API

- Developed an **AI tutor with a real-time 3D avatar** enabling conversational interaction and emotional responses.
- Integrated **Google Gemini API** with speech-to-text and text-to-speech achieving **95% accuracy** and **1.5s latency**.
- Implemented realistic avatar speech using **Rhubarb Lip Sync** with **90% lip-sync accuracy** and a **Three.js avatar** running at **60 FPS**.
- Optimized asynchronous **REST API calls** improving response speed by **35%**.
- **Live Demo:** adamversion-0-0.pages.dev
- **GitHub:** github.com/AbhiramValmeekam/AI-Personal-Tutor

MANAFOLIO | React, Tailwind CSS, TypeScript

- Developed an **AI-powered portfolio builder** enabling developers to create customizable portfolios.
- Built responsive UI with **React and Tailwind CSS** achieving **2s page load time**.
- Implemented an **interactive memory game** improving engagement by **40%**.
- Added **real-time preview** and customizable portfolio layouts.
- **GitHub:** github.com/AbhiramValmeekam/MANAFOLIO

Smart Calculator | OpenCV, Python, Google Gemini API, JavaScript

- Developed a **camera-based smart calculator** which recognizes handwritten equations drawn in air using **OpenCV hand tracking**.
- Captured equation frames and converted them into images with **92% gesture detection accuracy**.
- Sent equation images to **Google Gemini API** for mathematical interpretation with **2.1s response latency**.
- Displayed results dynamically on a **JavaScript-based web interface** enabling real-time solving of handwritten math expressions.

SKILLS

- **Programming Languages:** Python, Java, C, JavaScript
- **Frontend:** React.js, Next.js, HTML, CSS, Tailwind CSS
- **Backend:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB, MySQL
- **AI / ML:** OpenCV, Google Gemini API
- **Concepts:** Data Structures, Algorithms, Object-Oriented Programming, Full Stack Development
- **Tools:** Git, GitHub, Postman, VS Code
- **Soft Skills:** Communication, Leadership, Team Collaboration, Time Management, Adaptability, Problem Solving

EXTRACURRICULAR

- Organized technical workshops and hackathons in the **MALAI Club** of Anurag University.
- Regularly practice **Data Structures and Algorithms** through coding platforms such as **LeetCode**.

ACHIEVEMENTS

- Placed in the **Top 5** in two **24-hour Hackathons** conducted by Anurag University.
- **AI Personal Tutor** project was selected for the **Tejas2K26 Project Expo** at Anurag University .
- **Smart Calculator** project was selected for the **Tejas2K25 Project Expo** at Anurag University.
- Final round participant in **TechHack**, a **National-level Hackathon** organized by **BITS Hyderabad**, competing among teams from multiple universities, across various domains.
- Participated in **10+ Hackathons and Technical Events**, building AI and full-stack solutions under 24-hour constraints.

CERTIFICATIONS

- **Prompt Engineering and Generative AI** – Infosys Springboard.
- **Certified in Java Programming** by NPTEL.
- **Python Essentials Certification** by Cisco Networking Academy.
- **Participation Certificate** – PALS Thinkathon 2025.
